ABOUT US

As a fully Australian owned Establishment, Our mission is to tailor make individually designed closed circuit television (CCTV), intruder detection, intercoms and a vast range of security solutions to meet specific or specialized requirements of small to medium sized business, large corporate and government establishments.

BIOMETRICS AND ACCESS CONTROL

ACCESS CONTROL

Our focus is simple and unique; we integrate digital finger/palm prints, Iris and various other technologies into a cohesive solution that meets the demands.

BIOMETRICS

Biometrics Readers Recognizes humans based on intrinsic Physical Traits. For Example a Biometric Reader can read eye retinas or irises, facial patterns, handmesurments or fingerprints.

CCTV CAMERAS

CCTV

CCTV Surveillance is an important element of management and security control. Online Premier Pro-tek specializes in delivery of state-of-the-art closed circuit television (CCTV) solutions utilizing robust and digital recording equipment.

DIGITAL VIDEO RECORDING

Digital video Recoding (DVR) is a management system that digitally records multiple camera images directly to the internal hard drive, eliminating the needs of traditional video recorder (VCR) and their associated Maintenance.

INTRUDER DETECTION

INTRUDER DECEPTION SYSTEMS

We have the knowledge and experience to customize an integrated top to end intruder detection system that's cost effective and right for your business, home or establishment.

INTERCOM SYSTEMS

We offer a vast range of audio and video intercom products to cater almost every application from simple one to one, through to more integral and sophisticated digital systems for home, office, apartment and hi-rise applications.

HOME SECURITY

HOME AUTOMATION SYSTEMS

This is the Total and ultimate solution for the intelligent building, fully programmable home and building automation system that can integrate and control Lighting, Spa bath, Motorised doors, Etc.

ELECTRONIC PERIMETER PROTECTION

Perimeter protection can be the first line of detection and provides an increased level of building and personal Protection, and can be very effective and cost competitive alternate to expensive static guards.

SAFETY

FENCING

Also specialize in Automated gates, Cyclone fencing, Electric fencing, colourbond, Post and rail fencing, Frameless glass pool fences, Blaustrades, Privacy screens, Louvre look Screens made out superior quality Material suitable for extreme harsh conditions.

SAFETY PAVERS
